

EMILIUS

LOUNGE CHAIR

DESCRIPTION

As if you are curling up in a soft cloud. That is the feeling that the Dutchbone Emilius gives you. Because you can see from miles away that the richly upholstered seat of this armchair is comfortable. Together with the deep shades of the walnut-coloured base, a warm feeling is immediately created, which is further accentuated by the soft lines and round shapes. Rest your feet on the matching pouf and dream away with your favourite book on a drizzly Sunday.
