FLOWING OPULENCE

SPRING COLLECTION '24

Shining a new light on everyday life with our new spring collection. This season revolves around the fact that nature excels in the art of design. A carefully curated collection captures the essence of organic beauty. Timeless luxury blends with nature, where curved shapes invite you to a world of flowing opulence.

The natural beauty of wood dances harmoniously with the sophisticated touch of marble, travertin, and aluminium, like the Noble tables and Pride side table. Immerse yourself in the tactile allure of these materials and experience the richness they bring to your surroundings.

Like a breath of fresh spring air, the colour palette breathes life into your home. And from the soothing beige and grey in the Arch lamps and Morning cabinets to the shimmering silver and hues of the sky. The colours play with a ray of light, embodying simplicity at its finest, where less is undeniably more.

“Designing feels like an art, and nature has perfected it. Bringing that artistry into my home with the new spring collection will create a peaceful environment with a sense of opulence. The natural sunlight in springtime feels inviting and airy, shining into my home. Maximize the natural light with light colours and gleaming surfaces.”

- Caroline van Velze, Creative Director.

OUR INSPIRATION

A SOOTHING SYMPHONY

Step into a world where calmness meets elegance and everyday life is flooded with a newfound sense of serenity. With the unveiling of “A Soothing Symphony”, our latest summer collection, we invite you to explore a curated selection of pieces that bring relaxation in your home.

In the middle of the whirl of life, this collection offers a sanctuary where you can unwind and recharge. In the new summer collection, we embrace calming neutral tones such as off-white, beige and natural oak, which blend seamlessly with the soothing shades of brown-rice and grey.

These timeless colours come together beautifully to form a unit. Combined with oak, marble, ceramics and soft bouclé fabrics, this ensures that the collection will not become dull, just like a musical play. Organic shapes take centre stage and flowing bows are seen in the Seven cabinet and Mississippi lounge chair. With its timeless colours, the inviting Prosper sofa is a beautiful centrepiece in your home. The furniture is designed to let you relax while enjoying the summer sun.

”Designing the summer collection is like composing a piece of music. The latest designs are stunning individually, but together the designs form one beautiful entity, just like the instruments in a piece of music. Let this collection then create a harmony where you can escape from everyday life for a while.”

- Caroline van Velze, Creative Director.
