GEORGIA

Every home needs a spot where you can retreat and relax. You create such a warm place with the Dutchbone Georgia. The upholstered shell, with its velvet covering in deep jewel tones, semi-rounded backrest, and stylish seams, gives a feeling of lived-in luxury. A look that would not be out of place on the set of a vintage film classic. The slim black metal legs provide a beautiful contrast and keep the design light. This creates an almost romantic look, inviting a cosy evening with friends or a relaxing afternoon with a good book. A practical detail: the dining chairs and bar stools are stackable.
