MID SEASON COLLECTION '26

In 2026, interior design is all about the overall feeling. We long for homes that bring a sense of calm. Places where colors, materials, and shapes come together naturally, and where you truly feel at home.

With this collection, we translate that feeling into warm wood tones, soft fabrics, and rounded silhouettes. The expansion of the Storm collection, including the new Storm bed, further enhances this sense of peace and comfort in the home. Together with the existing Storm pieces, it creates a complete and harmonious living environment.

New designs such as the Rembrandt sofa, Sunrise chair, and Cocoon lamp add softness and comfort, while sculptural accents like the Linea tables bring lightness and character.

The colors of 2026 feel warm and natural: beige as a base, complemented by terracotta, ochre, warm brown, and soft red tones. With this collection, we aim to contribute to a home where everything comes together, timeless, warm, and personal.

Sunrise

The Sunrise dining chair from Zuiver instantly creates a relaxed atmosphere in the dining room. Does the backrest not also remind you of the sun rising on the horizon in the morning? Additionally, the wooden material naturally radiates warmth. The mottled upholstery of the seat perfectly complements this and also provides extra comfort.

- Made from beech wood with a choice of a natural or red finish
- Covered with coarsely woven fabric, which perfectly matches the wood
- Brings a relaxed atmosphere to the dining room

zUiver°

Design Studio APE: "With Sunrise, we wanted to create a chair that radiates calmness and feels comfortable. The shape of the backrest subtly refers to a sunrise, soft, simple, and warm."

Ridge Deco

A true classic with an innovative twist! The Ridge Deco Symbols offers the same design and comfort as the popular Ridge Rib. However, the distinctive upholstery gives this version a completely different appearance. The coarse fabric with organic shapes in light and warm tones gives it a fresh, slightly retro-inspired look that is hard to ignore. And like the original, the Deco is also available as a stackable "Kink" variant.

- Covered with coarsely woven fabric in various warm colour options
- Available with or without armrest and a slight bend in the frame: just what you prefer!
- Designed with an iconic chrome tubular frame

Rembrandt

The name Rembrandt is not given to this striking piece of furniture without reason. In our opinion, it is a work of art disguised as a comfortable sofa. The piece is composed of various elements featuring rounded shapes and soft lines. The soft corduroy fabric completes the irresistible look. Additionally, the sofa offers ample space for the entire family or even more!

- Available as a 3-seater, 4–5-seater sofa, or a large corner sofa with room for up to 7 people. We also offer modular elements that can be purchased separately.
- Upholstered in corduroy fabric with a choice of different colours
- Effortlessly elevates the atmosphere in your interior to the highest level
