FALL / WINTER COLLECTION '24

Fall is the season when the leaves turn colour, nature prepares for winter and the period when we give our interiors a metamorphosis. Let us take you on a voyage of discovery through the new fall/winter collection. Each piece of furniture is carefully designed, with an eye for detail that binds the entire collection into a harmonious whole.

'Each new fall/winter collection features unique designs with special details. Discover the rounded corners of the Oolong armchair, the chain on the Brew floor lamp or the classic design of the Frie armchair. Make your dream interior a reality by adding one or more unique designs in your home.'

- Caroline van Velze, Creative Director.

New introduced products are excluded from price discounts and promotions for 6 months after (online) in-store launch date unless we state otherwise.

Oolong lounge chair

Wherever you place the Oolong, all eyes are immediately on this piece of furniture. Although you can snuggle up in it, this armchair is more than just comfort. The rounded corners and arches of the oak wood, together with the rounded shapes of the seat and backrest, create a playful effect. An interesting look that elevates any room.

Brew floorlamp

If the Brew floor lamp immediately reminds you of a tasty latte, that's not surprising. After all, the inspiration for the ceramic neck comes from stacked coffee cups. In addition, the colour tones of the neck, walnut base and linen shade are also a reminder of this. The perfect recipe for a relaxed atmosphere at home.
